Good Afternoon Omar,

I hope this Thursday afternoon finds you sitting in the sun and eating Menchie's Froyo.

Please note: I have already duly chastised our team for handing tree-maintenance issues to me one at a time, rather than all together; nonetheless, I find myself in need of augmenting my original LAWA tree request. I would still like to see the (reportedly) dead tree on LAWA property (west of CVS/Ralphs Market) removed and/or trimmed to a safe and clean level, but in addition, there is another tree (reportedly alive) just north of the original tree (in the same block) that is in severe need of trimming to ward off a potential broken limb which could result in property damage and human damage if it gives way. Although I have not seen this yet, I am sure it is an accurate description of the situation.

Let me know when you have an update.

Thank you.

Miki
